

CATERAIDE™

CaterCooler™

- Freeze CaterCooler overnight or for eight hours and it will keep food at or below the ServSafe® guidelines of 40°F for up to eight hours without ice*
- Designed to slide into a Cateraide End Loader, Double End Loader or place on top of food pans in a Top Loader
- Durable polyethylene shell

ServSafe® is a registered trademark of the National Restaurant Association

*Temperature retention is based on CaterCooler being pre-frozen for a minimum of eight hours, then placed directly into Cateraide pan carrier. Pan Carrier unit is then filled with pre-chilled food pans. Testing was conducted under ambient room temperatures of 76°F.

CaterCooler shown
with PC300N End Loader

PC660

Pan Carriers

- Cateraide construction made of rugged, stain- and scratch-resistant polyethylene
- Filled with extra thick foam insulation for maximum temperature retention
- Exclusive automatic self-venting system eliminates unsanitary vent openings and easily lost vent caps
- Heat resistant to 200°F
- Find replacement parts at www.carlislefsp.com/replacement-parts
- NSF Listed

Use with StorPlus™ Food Pans or
DuraPan™ shown on pages 218-225

PC300N

PC600N

Insulated End Loader

- Individual track for each food pan
- PC300N end loader holds five 2.5" deep pans
- PC600N has twice the capacity of the PC300N
- PC600N's separate compartments enable you to put hot food in one; cold in the other
- Use with CaterCooler (shown above) to help keep foods at ServeSafe® temps longer
- NSF Listed

Item # _____

Job _____

Metro® Mightylite™ Insulated Front-Load Pan Carriers

Attractive, ultra light, and durable insulated front load pan carriers for transporting and delivering hot and cold 12x20/GN food pans to off-site locations.

- **Durable:** advanced polymer foam construction with high strength-to-weight ratio withstands impact without damage, making it perfect for lifting and withstanding the rigors of off-site food transport!
- **Ultra-light:** Mightylite front load pan carriers weigh 60% less than traditional polymer molded, urethane foam-filled carriers. ML300 weighs 9.1 lbs. (4.1kg) and ML400 is 11.3 lbs. (5.1kg)
- **Ergonomic:** convenient, integrated handles provide the ultimate flexibility to facilitate lifting, carrying, and moving in various situations. Eight handles make the job easier and allow you to lift whichever way makes you most comfortable!
- **Keeps Food Safe for 5+ Hours!** Transport hot or cold food at safe, appetizing temperatures with confidence.
- **Robust Door Design:** 270° swing door with flexible integrated seal, snaps shut and helps retain temperature. Never worry about replacing or difficult to clean gaskets again. Integrated hinges and durable elastomer travel latch are virtually unbreakable!
- **Label Holder/Whiteboard:** doubles as card holder and dry erase board, and makes identifying carrier contents and destination easier.
- **Stackable:** carriers are designed to interlock with each other and optional dolly for more efficient transportation and storage.
- **Complimentary Wire Caddy:** included with every carrier to help organize and hold common temperature maintenance tools and other odd shaped items such as quart containers.
- **Recyclable:** 100% recyclable, CFC free.
